My heroes are Stray Kids. They are K-POP idols. Their singing voices are cool, beautiful, and cute. They write their own songs. I love their songs very much because the lyrics really touch my heart. Their music always helps me. They are world-famous, I wish they were better known. I want to continue loving their music.

I think Stray Kids are really popular! I should try listening to them too. Do you have any song recommendations? The SKZOO drawing is so cute! Nice job on your writing! -Leo

My hero is Kirisame Marisa. She's a witch. She is a character from the game Touhou Project and appears in most scenes. She is the main character's partner. I really like how she hates losing and how she has a very positive personality. It always cheers me up. I like her very much. I want to learn more about her and the other characters.
